## INTERIM REVIEW REPORT ON INTERIM FINANCIAL INFORMATION

(Convenience translation of the independent auditor's report originally issued in Turkish, See Note I of Section Three)

To the Board of Directors of HSBC Bank A.Ş.;

### *Introduction*

We have reviewed the unconsolidated balance sheet of HSBC Bank A.Ş. ("the Bank") at 30 June 2015 and the related unconsolidated income statement, unconsolidated statement of income and expense items under shareholders' equity, unconsolidated statement of changes in shareholders' equity, unconsolidated statement of cash flows and a summary of significant accounting policies and other explanatory notes to the unconsolidated financial statements for the six-month-period then ended. The Bank Management is responsible for the preparation and fair presentation of interim financial statements in accordance with the "Regulation on Accounting Applications for Banks and Safeguarding of Documents" published in the Official Gazette no.26333 dated 1 November 2006, and other regulations on accounting records of Banks published by Banking Regulation and Supervision Agency and circulars and interpretations published by Banking Regulation and Supervision Authority, (together referred as BRSA Accounting and Reporting Legislation) and Turkish Accounting Standard 34 "Interim Financial Reporting" other than subjects regulated by BRSA Accounting and Reporting Legislation. Our responsibility is to express a conclusion on these interim financial statements based on our review.

### *Scope of Review*

We conducted our review in accordance with the International Standard on Review Engagements (ISRE) 2410, "Limited Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial reporting process, and applying analytical and other review procedures. A review of interim financial information is substantially less in scope than an independent audit performed in accordance with the Independent Auditing Standards and the objective of which is to express an opinion on the financial statements. Consequently, a review of the interim financial information does not provide assurance that the audit firm will be aware of all significant matters which would have been identified in an audit. Accordingly, we do not express an opinion.

### *Conclusion*

Based on our review nothing has come to our attention that causes us to believe that the accompanying unconsolidated financial statements do not give a true view of the financial position of HSBC Bank A.Ş. at 30 June 2015 and of the results of its operations and its cash flows for the six-month-period then ended in all aspects in accordance with the "Regulation on Accounting Applications for Banks and Safeguarding of Documents" published in the Official Gazette no.26333 dated 1 November 2006, and other regulations on accounting records of Banks published by Banking Regulation and Supervision Agency and circulars and interpretations published by Banking Regulation and Supervision Authority, (together referred as BRSA Accounting and Reporting Legislation) and Turkish Accounting Standard 34 "Interim Financial Reporting" other than subjects regulated by BRSA Accounting and Reporting Legislation.

### *Emphasis Matter*

As explained in article 2 of Section 1 "General Information about the Bank", an announcement was placed on Public Disclosure Platform on 9 June 2015 stating that HSBC Bank Plc, main shareholder of the Bank, has decided to sell its shares in HSBC Bank A.Ş. and more details will be provided in later announcements.

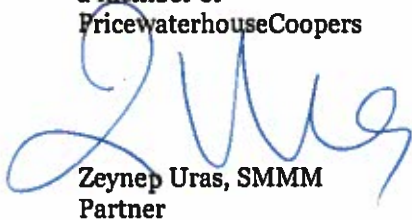

### *Other Matter*

The unconsolidated financial statements of the Bank as at and for the year ended 31 December 2014 were audited by another auditor whose report dated 26 February 2015 expressed an unqualified opinion.

### *Additional Paragraph for Convenience Translation:*

As also explained in detail in Note I. of Section Three, the effects of differences between accounting principles and standards explained in detail in Section Three and accounting principles generally accepted in countries in which the accompanying unconsolidated financial statements are to be distributed and International Financial Reporting Standards ("IFRS") have not been quantified in the accompanying unconsolidated financial statements. Accordingly, the accompanying unconsolidated financial statements are not intended to present the financial position, results of operations and changes in financial position and cash flows in accordance with the accounting principles generally accepted in such countries and IFRS.

**SECTION THREE**

**EXPLANATIONS ON ACCOUNTING POLICIES**

**I. EXPLANATIONS ON BASIS OF PRESENTATION**

**a. The preparation of the financial statements and related notes and explanations in accordance with the Turkish Accounting Standards and Regulation on the Principles and Procedures Regarding Banks’ Accounting Application and Keeping Documents:**

The unconsolidated financial statements are prepared within the scope of the “Regulation on Accounting Applications for Banks and Safeguarding of Documents” related with Banking Act numbered 5411 published in the Official Gazette no.26333 dated 1 November 2006 and other regulations related to reporting principles on accounting records of Banks published by Banking Regulation and Supervision Agency and circulars and interpretations published by Banking Regulation and Supervision Authority (together referred as BRSA Accounting and Reporting Legislation) and in case where a specific regulation is not made by BRSA, Turkish Accounting Standards, within the scope of interim reporting Turkish Accounting Standards 34 and Turkish Financial Reporting Standards (“TFRS”) and related appendices and interpretations (referred as “Turkish Accounting Standards” or “TAS”) put into effect by Public Oversight Accounting and Auditing Standards Authority (“POA”) (all referred as “Reporting Standards”). The format and content of the publicly announced unconsolidated financial statements and notes to these statements have been prepared in accordance with the “Communiqué on Publicly Announced Financial Statements, Explanations and Notes to These Financial Statements”, published in Official Gazette no. 28337, dated 28 June 2012, and amendments to this Communiqué. The Bank maintains its books in Turkish Lira in accordance with the Banking Act, Turkish Commercial Code and Turkish Tax Legislation.

The unconsolidated financial statements have been prepared in TL, under the historical cost convention as modified in accordance with inflation adjustments until 31 December 2004, except for the financial assets and liabilities which are carried at fair value.

The Preparation of the unconsolidated financial statements in conformity with TAS requires the Bank Management to use of certain make assumptions and estimates on the assets and liabilities of the balance sheet and contingent issues as of the balance sheet date. These estimates are reviewed regularly and, when necessary, corrections are made and the effects of these corrections are reflected to the income statement.

The amendments of TAS and TFRS, except TFRS 9 Financial Instruments will come into force as of 01 January 2018, which have been effective as of reporting date have no impact on the accounting policies, financial position and performance of the Bank.

**b. Accounting policies and valuation principles applied in the presentation of financial statements:**

The accounting policies and valuation principles applied in the preparation of financial statements are determined and applied in accordance with the reporting standards. These accounting policies and valuation principles are explained in explanations on accounting policies section.

**c. Explanation for convenience translation into English:**

The differences between accounting principles, as described in these preceding paragraphs and accounting principles generally accepted in countries in which the complying unconsolidated financial statements are to be distributed and International Financial Reporting Standards (“IFRS”) have not been quantified in these unconsolidated financial statements. Accordingly, these unconsolidated financial statements are not intended to present the financial position, results of operations and changes in financial position and cash flows in accordance with the accounting principles generally accepted in such countries and IFRS.

**II. EXPLANATIONS ON STRATEGY OF USING FINANCIAL INSTRUMENTS AND EXPLANATIONS  
ON FOREIGN CURRENCY TRANSACTIONS**

The main sources of the Bank are customer deposits and borrowings from abroad. The Bank’s liquidity structure covers the financing of all liabilities at due date. This liquidity structure of the Bank has been established by diversifying fund resources and keeping sufficient cash and cash equivalences.

The Bank applies sophisticated methods of the group in daily market risk managing and control activities. In measuring the market risk and determining limits, with historical simulation method “Value at Risk” (“VaR”) approach is being applied. For the portfolios which are subject to market risk; product and portfolio based interest rate, daily and monthly maximum loss limits regarding the exchange rate and share price risk, Value at Risk limits, maturity limits and quantity limits are being applied. The limit usages are being monitored through various checkpoints and reported to the top management. Risk monitoring and control activities are being performed by independent units. For the portfolios which are subject to the interest risks, sensitivity of the changes in interest rates are being analyzed by “Present Value Basis Points” method (“PVBP”) and relevant limits are being determined.

Product and portfolio based various yield curve scenarios, stress scenarios, liquidity, gap, and volatility analysis have been performed regarding the control, monitor and management of the market risks. The purpose of these analyses is to be prepared for the possible risks and to make quick decisions regarding the targeted profitability.

These analyses, limit usages and controls are being discussed in monthly Asset-Liability committee meetings and developing decisions are being made. The foreign exchange gains and losses from the foreign exchange transactions are being recorded at the date of transactions conducted. Foreign currency denominated monetary assets and liabilities are translated with the exchange rates prevailing. Gains and losses arising from such valuations are recognised in the income statement under the account of “Foreign exchange gains or losses”, except for foreign currency non-performing loans and other foreign currency denominated non-monetary assets and liabilities.

**III. EXPLANATIONS ON INVESTMENTS IN ASSOCIATES AND SUBSIDIARIES**

The Bank has no investments in associates as of 30 June 2015. Investments in subsidiaries are accounted in accordance with the “Turkish Accounting Standard on Financial Instruments: Recognition and Measurement” (“TAS 39”) in the unconsolidated financial statements. Investments in subsidiaries that do not have a quoted market price in an active market and whose fair value cannot be reliably measured are carried at cost less provision for impairment. Non-financial subsidiaries of the Bank are “HSBC Ödeme Sistemleri ve Bilgisayar Teknolojileri Basın Yayın ve Müşteri Hizmetleri A.Ş.” and “HSBC İnternet ve Telekomünikasyon Hizmetleri A.Ş.”. HSBC Ödeme Sistemleri ve Bilgisayar Teknolojileri Basın Yayın ve Müşteri Hizmetleri A.Ş. was established on 10 December 1999 to provide VIP services either for its clients or the clients of the legal entities, and in this respect, to provide transfer, hospitality, pass port, catering, housing, parking, private waiting room and transportation services in railroad, land, sea, airport passenger lounges either to its clients or all real or legal persons. **IV. EXPLANATIONS ON FORWARD TRANSACTIONS, OPTIONS AND DERIVATIVE INSTRUMENTS**

In order to reduce the foreign exchange position risk the Bank conducts currency forward purchase and sale transaction agreements, currency swap purchase and sale transaction agreements and option purchase and sale agreements. In order to reduce the interest risk, the Bank conducts interest futures, interest swaps and forward interest rate agreements. According to TAS 39 the transactions which are classified as hedging or trading and recognised at fair value. The fair value of derivative instruments are recorded on the market value or discounted cash flow value is taken in the account. If the fair value of derivative financial instruments is positive, it is disclosed under the main account “financial assets at fair value through profit or loss” in “trading derivative financial assets” or “hedging derivative financial assets” and if the fair value difference is negative, it is disclosed in “trading derivative financial liabilities” or “hedging derivative financial liabilities”. The fair value changes of the trading derivatives are recognized under “derivative financial transactions gains/(losses)” at income statement. The Bank applies cash flow hedge accounting by cross currency swap transactions in order to hedge itself from the changes in the interest rates of the fixed-rate time deposits which have maturity of 1-3 month. While the effective portions are accounted under hedging reserves in shareholders’ equity as described in TAS 39, the ineffective portion is recognized at income statement.

**V. EXPLANATIONS ON INTEREST INCOME AND EXPENSE**

Interest income and expenses are recognised on an accrual basis using the effective interest rate method.

**VI. EXPLANATIONS ON FEE AND COMMISSIONS INCOME AND EXPENSES**

All fees and commission income/expenses are recognised on an accrual basis in accordance with the matching principle or “Effective Rate Method (Internal Rate of Return Method)”, except for certain commission income and fees for various banking services which are recorded as income at the time of collection. Contract based fees or fees received in return for services such as the purchase and sale of assets on behalf of a third party or legal person are recognised as income at the time of collection.

**VII. EXPLANATIONS ON FINANCIAL ASSETS**

The Bank categorizes its financial assets as “Fair value through profit/loss”, “Available-for-sale”, and “Loans and receivables”. Financial assets mentioned above are recognised at the transaction date. The appropriate classification of financial assets of the Bank is determined at the trade dates.

**a. Financial assets at fair value through profit or loss:**

Financial assets at fair value through profit or loss consist of trading financial assets and financial assets at fair value through profit or loss. They are initially recognised at cost and subsequently re-measured at their fair value. While determining the fair value, the average price comprising in the active market is used and the gains and losses generated is recognised in the income statement.

Derivative financial instruments are treated as trading financial assets unless they are designated as hedge instruments. The principles regarding the accounting of derivative financial instruments are explained in detail in Note IV of Section Three.

**VII. EXPLANATIONS ON FINANCIAL ASSETS (Continued)**

**b. Financial assets available-for-sale:**

Available-for-sale financial assets are defined as financial assets other than the ones classified as “Loans and receivables”, “Held-to-maturity assets” or “Financial asset at fair value through profit or loss”. Financial assets available for sale are measured at fair value. Unrealized gains and losses arising from the changes in the fair value of financial assets available for sale with fixed maturity and certain cash flow are recognised at “Marketable Securities Valuation Fund” under the shareholders’ equity. The interest income which is calculated with the effective interest rate method is recognised in the income statement. When these securities are disposed of, the related fair value differences accumulated in the shareholders’ equity are transferred to the income statement. Available-for-sale equity securities that have a quoted market price in an active market and whose fair values can be reliably measured are carried at fair value and mentioned valuation differences are recognised at “marketable securities” valuation fund. Available-for-sale equity securities that do not have a quoted market price in an active market and whose fair values cannot be reliably measured are carried at cost, less provision for impairment.

**c. Loans and receivables:**

Financial assets that are originated by the Bank by providing money, services or goods to borrowers are categorized as loans and receivables. Loans and receivables originated by the Bank are recognised at the amortised cost value calculated using the effective interest rate method.

The Bank makes risk assessment for the loans and receivables on the consumer and portfolio basis and provides specific provisions for the non performing loans not less than the determined minimum rates according to the (“Regulation on Procedures and Principles for Determination of Qualifications of Loans and Other Receivables by Banks and Provisions to be set aside”) published in the Official Gazette dated 1 November 2006 and numbered 26333. In addition to the non-performing loans, the Bank provides general loan loss provisions for the loans and receivables which are defined in the same communiqué. The interests and accruals of the non-performing loans are derecognized from the financial statement and provision expense is recognized in the income statement. Releases of current period provisions are made by the reversal of the amount from the “Provision for Impairment of Loans and Other Receivables” account.

**d. Investment securities held-to-maturity:**

Investment securities held-to-maturity are financial assets that are not classified under loans and receivables and have fixed maturities and fixed or pre-determined payments where management has the intent and ability to hold the financial assets until maturity. Investment securities held-to-maturity are initially recognized at cost, and subsequently carried at amortized cost using the effective interest rate method; interest earned whilst holding investment securities held-to-maturity is reported as interest income and impairment for these financial assets recognized in the income statement. As of 30 June 2015 and 31 December 2014, the Bank has no investment securities held-to-maturity.

**XII. EXPLANATIONS ON GOODWILL AND OTHER INTANGIBLE ASSETS**

The Bank’s intangible assets are composed of software, goodwill and establishment expenditures. Intangible assets are measured in accordance with “Intangible Assets Standard” (“TAS 38”) at cost on initial recognition and any directly attributable costs of setting the asset to work for its intended use are included in the initial measurement. Subsequently, intangible assets are carried at historical cost after the deduction of accumulated depreciation and the provision for value decreases. The depreciable amount of an intangible asset is allocated on a systematic basis over its useful life. The costs of the intangible assets purchased before 31 December 2004, end of the high inflation period is accepted as 31 December 2004, are subject to inflation indexation until 31 December 2004. Intangible assets purchased after 31 December 2004 are recognised with their acquisition cost in the financial statements.

The Bank purchased Benkar Tüketici Finansmanı A.Ş. in the year 2002. The useful life of the goodwill arising out of the merger of Benkar with the Bank on 26 December 2002 is determined as 10 years. Therefore, it is amortised until the end of October 2006 using the straight-line method. Regarding Article 4 of the “Communiqué on Principles and Procedure of Accounting Principles of Banks and Preservation of Documents” which was published by BRSA in the Official Gazette No. 26333 dated 1 November 2006, the Bank’s financial statements are prepared based on the Turkish Accounting Standards. Goodwill is tested annually or more frequently if the changes in environment indicates impairment, in line with “Turkish Accounting Standard for Impairment on Assets” (“TAS 36”). The Bank has used discounted cash flow method for the most recent impairment test and reevaluated assumptions and estimations considering current circumstances, as of 30 June 2015 the Bank did not encounter an impairment generating matter. These assumptions and estimates depend on managements best understanding on current activities and operations, budget and strategies, actual results may differ from projections.

**XIII. EXPLANATIONS ON PROPERTY AND EQUIPMENT**

All property and equipment are measured in accordance with “Property, Plant and Equipment Standard” (“TAS 16”) at its cost when initially recognised and any directly attributable costs of setting the asset in working order for its intended use are included in the initial measurement. Subsequently, property and equipment is carried at cost less accumulated depreciation and provision for value impairment. The costs of the property and equipment purchased before 31 December 2004 or subject to inflation indexation until 31 December 2004. Property and equipment purchased after 31 December 2004 are recognised with their purchase cost in the financial statements. Property and equipment are amortised by using the straight line method based on their useful lives, such as buildings depreciated at rate 2%, transportation vehicles at rates 15% - 20%, furniture at rate 20%, and other tangible assets at rates ranging from 2% to 33%. The depreciation charge for items remaining in the property and equipment for less than an accounting period at the balance sheet date is calculated in proportion to the period the item will remain in property and equipment. Gains and losses on the disposal of property and equipment are determined by deducting the net book value of the property and equipment from its net sales revenue. Repair and maintenance expenses in order to increase the useful life of the property and equipment are capitalized, other repair and maintenance costs are recognised as expenses. There are no mortgages, pledges or similar precautionary measures on tangible fixed assets.

**XIV. EXPLANATIONS ON LEASING TRANSACTIONS**

Assets acquired under finance lease agreements are capitalized in accordance with “Leases Standard” (“TAS 17”) at the inception of the lease at the “Lower of the fair value of the leased asset or the present value of the lease instalments to be paid for the leased asset”. Leased assets are included in the property and equipment and depreciation is charged on a straight-line basis over the useful life of the asset. If there is any diminution in value of the leased asset, a “Provision for value decrease” is recognised. Liabilities arising from the leasing transactions are included in “Financial lease payables” in the balance sheet. Interest and foreign exchange expenses regarding lease transactions are presented the income statement. The Bank does not provide finance lease services as a “Lessor”. Transactions regarding operational lease agreements are accounted on an accrual basis in accordance with the terms of the related contracts.

**XV. EXPLANATIONS ON PROVISIONS AND CONTINGENT LIABILITIES**

Provisions and contingent liabilities are accounted in accordance with, “Provisions, Contingent Liabilities and Contingent Assets Standard” (“TAS 37”). Provisions are recognised when the Bank has a present legal or constructive obligation as a result of past events and a reliable estimate of the amount of the obligation can be made. When the amount of the obligation cannot be estimated and there is no possibility of an outflow of resources from the Bank, it is considered that a “contingent” liability exists and it is disclosed in the related notes to the financial statements.

**XVI. EXPLANATIONS ON CONTINGENT ASSETS**

The contingent assets usually arise from unplanned or other unexpected events that give rise to the possibility of an inflow of economic benefits to the Bank. Contingent assets are not recognised in financial statements since this may result in recognition of income that may never be realized. If an inflow of economic benefits to the Bank has become probable, then the contingent asset is disclosed in the footnotes to the financial statements. Contingent assets are assessed continually to ensure that developments are appropriately reflected in the financial statements. If it has become virtually certain that an inflow of economic benefits will arise, the asset and the related income are recognised in the financial statements of the period in which the change occurs.

**XVII. EXPLANATIONS ON OBLIGATIONS RELATED TO EMPLOYEE RIGHTS**

Obligations related to employment termination and vacation rights are accounted for in accordance with “Employee Rights Standard” (“TAS 19”) and are classified under “Reserve for Employee Rights” account in the balance sheet. Under the Turkish Labour Law, the Bank is required to pay a specific amount to the employees who have retired or whose employment is terminated other than the reasons specified in the Turkish Labour Law. The Bank provides provision for retirement and termination liabilities by estimating the net present value of future payments of the Bank arising from the retirement of employees and reflects this provision amount in the financial statements. For employee termination benefit provision calculation, future liability amounts are calculated and yearly discount rate is 4,43% (31 December 2014: 3,77%).

As of 30 June 2015, actuarial loss amounted to TL 809 (31 December 2014: TL 1.140 loss) is recognized under other income reserves in the financial statements.

All actuarial gains and losses are recognized under equity in accordance with revised TAS 19.

**XVIII. EXPLANATIONS ON TAXATION**

**a. Current Tax:**

According to the article no. 32 of “Corporate Tax Law” No. 5520 was published in the Official Gazette, No. 26205 dated 21 June 2006, the corporate tax rate is 20%. Corporate tax is calculated on the total income of the Bank after adjusting for certain disallowable expenses, exempt income and other allowances. No further tax is payable unless the profit is distributed. Dividends paid to non-resident corporations, which have a place of business in Turkey or are resident corporations, are not subject to withholding tax. Otherwise, dividends paid are subject to withholding tax at the rate of 15%. In applying the withholding tax rates on dividend payments to the non-resident institutions and the individuals, the withholding tax rates covered in the related Double Tax Treaty Agreements are taken into account. An increase in capital via issuing bonus shares is not considered as profit distribution and thus does not incur withholding tax.

The prepaid taxes are calculated and paid at the rates valid for the corporate tax rate of the related years. Advance tax paid by corporations which is for the current period is credited against the annual corporation tax calculated on their annual corporate income in the following year. Companies file their tax returns until the 25th day of the following forth month after the closing of the accounting year to which they relate.

Under the Turkish Corporate Tax Law, losses can be carried forward to offset against future taxable income for up to five years. Tax losses cannot be carried back to offset profits from previous periods.

**XVIII. EXPLANATIONS ON TAXATION (Continued)**

The tax applications for foreign branches:

***Turkish Republic of Northern Cyprus***

According to the Corporate Tax Law of the Turkish Republic of Northern Cyprus no.41/1976 as amended, the corporate earnings (including foreign corporations) are subject to a 10% corporate tax and 15% income tax. This tax is calculated based on the income that the taxpayers earn in an accounting period. Tax base is determined by modifying accounting income for certain exclusions and allowances for tax purposes. The corporations cannot benefit from the rights of offsetting losses, investment incentives and amortisation unless they prepare and have certified their balance sheets, income statements and accounting records used for tax calculations by an auditor authorized by the Ministry of Finance. In cases where it is revealed that the earnings of a corporation were not subject to taxation in prior years or the tax paid on such earnings are understated, additional taxes can be charged in the next seven years following that the related taxation period. The corporate tax returns are filed in the tax administration office in April after following the end of the accounting year to which they relate. The corporate taxes are paid in two equal instalments in May and October.

**b. Deferred Tax Asset/Liability:**

The Bank calculates and accounts for deferred income taxes for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in these financial statements in accordance with “Income Taxes Standard” (“TAS 12”) and the related decrees of the BRSA concerning income taxes. In the deferred tax calculation, the enacted tax rate, in accordance with the tax legislation, is used as of the balance sheet date. Deferred tax liabilities are recognized for all resulting temporary differences whereas deferred tax assets resulting from temporary differences are recognized to the extent that it is probable that future taxable profit will be available against which the deferred tax assets can be utilized. Deferred tax assets and liabilities are presented as net in the financial statements in accordance with TAS 12.

Various operations and calculations with unascertained effects on final tax amount occur during standard workflow, and these require important judgement in determining income tax provision. Bank records tax liabilities caused by projections of additional taxes to be paid as a result of tax related incidents. In cases which final tax results based on these incidents differ from initially recorded amounts, differences may effect income tax and deferred tax assets of the period they are recognized.

The Bank, based on it's best projection and budgets, estimates generating profit that can be deducted in following periods, and accounted for deferred tax asset from accumulated financial losses.

In cases where Bank's final operating results differ from projections of current period, differences may effect available financial loss amount and deferred tax asset.

**c. Transfer Pricing:**

The article no.13 of the Corporate Tax Law describes the issue of transfer pricing under the title of “disguised profit distribution” by way of transfer pricing. “The General Communiqué on Disguised Profit Distribution by Way of Transfer Pricing” published at 18 November 2007, explains the application related issues on this topic. According to this communiqué, the taxpayers conduct transactions like purchase and sale of goods or services with the related parties where the prices are not determined according to the arm's length principle, then it will be concluded that there is a disguised profit distribution by way of transfer pricing. Such disguised profit distributions will not be deducted from the corporate tax base for tax purposes. As stated in the “7.1 Annual Documentation” section of this communiqué, the taxpayers are required to fill out the “Transfer Pricing, Controlled Foreign Entities and Thin Capitalization” form for the purchase and sale of goods or services conducted with their related parties in a taxation period, attach these forms to their corporate tax returns and submit to the tax offices. Bank has filled out the related form and presented it to the tax office.

**II. EXPLANATIONS ON CREDIT RISK**

- a. In credit risks there are no specific limitations for a specific geographical region. However, if there will be a risk which is effecting a specific region then the necessary limitation shall be applied and the necessary action shall be taken in order to revaluation of the risk. Risk monitoring and sectoral based customer group limitations are conducted. The limitations which are determined for a specific risk group are determined in accordance with Banking Regulation and other relevant regulations. Loan usages are monitored instantly by the system. The credits depending on a risk group are also evaluated in the consolidated financial tables. Loan proposal are considered once in a year, however, for the loans under follow-up are considered in every 3 or 6 months.

In assigning loan limits, extending credit, derivative and other future delivery derivative transactions are conducted depending to management’s authorization, approval and control processes. Customer’s and bank’s treasury department staff based monitoring is conducted on determining daily risk limits and risk allocations with risk concentrations regarding the balance sheet and off-balance transactions conducted. Product based risk parameters are considered when allocating limits for the derivative products.

- b. When evaluated together with the financial operations of other financial institutions as an active participant in international banking market and when it is considered that a significant portion of the loan portfolio of the Bank consists of retail loans, it is thought that there is no significant level of loan risk concentration.
- c. The Bank provided a general provision amounting to TL 421.644 (31 December 2014: TL 362.405).

**III. EXPLANATION ON MARKET RISK**

- a. **Whether the Bank within the financial risk management objectives hedges itself against market risk, the precautions taken by the Board of Directors for market risk, the methods used for measuring market risk and time intervals for measurement of market risk:**

The Bank applies the advanced methods applied by the HSBC Group daily in order to manage and control the market risk. For risk measurement and limit determination, Value at Risk approach with historical simulation method is used. For the portfolios that are subject to market risk, product and portfolio based on monthly and daily maximum loss limits regarding the interest rate, currency and stock certificate price risks, Value at Risk limits, prompt limits and size limits are applied. The usage of limits are monitored through various control points and reported to the top management daily. Risk monitoring and control activities are conducted by independent departments.

Sensitivity to volatility in the interest rates of the assets and liabilities which are sensitive to interest rates are analyzed by “Present Value Basis Point” method and interest risks are managed accordingly with related limits.

Besides controlling market risk, in regard to monitoring and managing the market risk, product and portfolio based yield curve scenarios, stress scenarios, liquidity, gap and volatility analysis are conducted. Through this analysis, it is aimed to be prepared and making fast decisions in regard to the targeted profitability and potential risks.

Operation limits is calculated considering change of price-ratio (currency risk, interest risk), volatility, present value basis points (“PVBP”), correlation risk and market liquidity risk which are main components of market risk. VaR analyses, stress tests and scenario tests are implemented continuously. These tests aim to determine that intended profit and potential risk parameters are matching.

Market potentials are overseen continuously for risk reducing positions, protective operations against risk and insurance operations if necessary. Foreign currency and total liquidity ratio, VaR and PVBP limits and excess of limit, internal capital requirement and results of stress test are reported monthly to Top Management and Market Risk Committee.

**VII. EXPLANATIONS ON LIQUIDTY RISK**

- a. Basis for the current liquidity risk of the Bank and the necessary measures taken, limitations imposed by the Bank’s Board of Directors on fund sources that can be used in payment of matured debts and can meet the immediate liquidity need:**

Liquidity risk is managed through considering factors such as, cash flows expected at the relevant period of time, credit quality of the assets in the balance sheet, deposit extensity/quality and various loss possibilities. As a principle, conservative liquidity reserve is maintained.

For various liquidity crisis scenarios, liquidity crisis management methods are prepared as ready to use.

- b. Consistency of payments with the assets and liabilities and the interest rates, and the probable effects of the actual inconsistency on profitability:**

Since the Bank is pricing its liabilities faster than its assets, hence is positively affected from the decreases in the general rate of interests and negatively affected from increases in the general rate of interests. These effects are managed through the pre- determined limits.

- c. Internal and external sources for short and long-term liquidity needs of the Bank, unused significant liquidity sources:**

The Bank acts conservative on foreign currency liquidity management and in order to meet liquidity needs completely, maintains adequate reserves. When uncertainty in the markets increases the conservativeness level increases as well. For using in various crisis scenarios the Bank maintains its borrowing potential and examining its borrowing potential from both domestic and abroad financial institutions.

- d. Evaluation of amount and sources of the Bank’s cash flows:**

As mentioned above, the Bank has sufficient cash and cash inflow to supply its cash outflow literally and on time.

**f. Explanations on securitization positions:**

None.

**g. Explanations on credit risk mitigation techniques:**

Bank does not perform net-off of balance sheet and off-balance sheet items in credit risk mitigation.

The monetary collaterals are included in the process of credit risk mitigation with their current value as of reporting date. The legal validity of the real estate mortgages are provided with timely and duly registry of the collaterals. The changes in market conditions that will be important are monitored.

In terms of credit risk mitigation bank uses cash, government and treasury bonds and debt instrument with high credit quality as collateral type. Mortgages on dwelling and commercial real estate reported under different risk class are other main types of collaterals.

The volatility adjustments regarding the receivables, collaterals and currency mismatch of the collaterals are made as per the standard volatility-adjustment approach defined in the article 37 of the above mentioned regulation.

**3. Explanation on reserve deposits:**

The banks operating in Turkey are subject to the Central Bank of the Republic of Turkey’s Communiqué numbered 2005/1 and are required to keep a deposit at the CBRT for their Turkish Lira, USD and/or Euro and standard gold.

As of 30 June 2015, the reserve deposit rates vary according to their maturity structure; the reserve deposit rates are realized between 5% - 11,50% (31 December 2014: 5% - 11,50%), for TL deposits and other liabilities, and between 6% - 13% for FC deposits (31 December 2014: 6% - 13%).

Based upon press announcement of Central Bank of the Republic of Turkey with number 2014/72 on 21 October 2014, there will be interest payment on TL reserve deposits starting from November 2014. Based upon press announcement of Central Bank of the Republic of Turkey with number 2015/1 on 3 January 2015, Banks will hold reserve deposits between 6% and 18% for reserve deposit requirement generating foreign currency liabilities, depending on the state of deposits and non-deposit liabilities at Central Bank of the Republic of Turkey as of liability statement dated 13 February 2015. Based upon press announcement of Central Bank of the Republic of Turkey with number 2015/19 on 10 March 2015, ratios for reserve deposits of reserve deposit requirement generating foreign currency liabilities, depending on the state of deposits and non-deposit liabilities has been updated as 6% and 20% as of liability statement dated 13 March 2015.

Based upon press announcement of Central Bank of the Republic of Turkey with number 2015/05 on 23 January 2015, it is adjudicated that 2 per mille commission will be charged to Banks’ reserve deposit in Euro currency, and two day notice foreign exchange deposit accounts within CBRT as of 1 February 2015.

Based upon press announcement of Central Bank of the Republic of Turkey with number 2015/35 on 2 May 2015, it is adjudicated that interest will be given to Banks’ reserve deposit in USD, reserve options and unrestricted deposits within CBRT with daily determined interest rates.

**11. Information on the collection policy of non-performing loans and other receivables**

For uncollectible loans, primarily, a reach for an agreement with the company and third parties (natural and/ or legal) having guarantees subject to the risk is being sought and actions either aimed at liquidation of collateral in the loan risk warranty or aimed at proceedings without judgment are taken. In case of obtaining no result in consequence of these actions, liquidation subject to requirements within the framework of legal regulations designated by the bank's top management occurs.

**2. Information on employee benefit provisions:**

As of 30 June 2015 the Bank has employee termination benefit provision amounting to TL 29.678 (31 December 2014: TL 28.384), and unused vacation provision amounting to TL 8.451 (31 December 2014: TL 5.451).

In accordance with existing Turkish Labour Law, the Bank is required to make lump-sum termination indemnities to each employee who has completed one year of service with the Bank and whose employment is terminated due to retirement or for reasons other than resignation or as mentioned in related legislation.

The computation of the liability is based upon the retirement pay ceiling announced. The applicable ceiling amount as at 30 June 2015 is TL 3.541,37 (full TL) (31 December 2014: TL 3.438,22 (full TL)). Employee termination benefit liability is not legally dependent on any kind of funding, and there is no requirement on funding.

The reserve for employment termination benefits represents the present value of the estimated total liability for the future probable obligation of the Bank determined by using certain actuarial assumptions. TAS 19 requires actuarial valuation methods to be used in order to calculate Bank's liabilities.

The assumption is that retirement pay ceiling is expected to increase as per the inflation rate every year. Thus discount rate applied shall represent real rate, net of inflation. Since retirement pay ceiling amount is determined once every six months, employee benefit liability of the Bank is calculated from the ceiling amount valid from 1 January 2015, TL 3.541,37 (full TL) (31 December 2014: TL 3.438,22 (full TL)).

**III. EXPLANATIONS AND NOTES RELATED TO OFF-BALANCE SHEET ACCOUNTS (Continued)**

**1. Cash Flow Hedge Accounting:**

The Bank applies cash flow hedge accounting by cross currency swap transactions in order to hedge itself from the changes in the interest rates of the fixed-rate time deposits which have maturity of 1-3 month. The Bank applies effectiveness test in any balance sheet date. While the effective portions are accounted under hedging reserves in shareholders' equity as described in TAS 39, the ineffective portion is recognized at income statement. As of 30 June 2015, swaps amounting to TL 2.639.624 (31 December 2014: TL 2.474.505) were subjected to cash flow hedge accounting as hedging instrument. After such hedge accounting, fair value gain before tax amounting to TL 11.104 (31 December 2014: TL 803 loss) are recognized under shareholders' equity in the current period. As of 30 June 2015, the Bank has ineffective portion amounting to TL 530 as a result of effectiveness tests (31 December 2014: TL 17).

**c. Explanations on credit derivatives and risk arising due to them:**

Contingent assets are recognised if the probability of occurrence is almost virtually certain, whereas they are disclosed in the notes, if the probability of occurrence is probable. As of 30 June 2015, there is no contingent asset to be disclosed.

Contingent liabilities are recognized if the probability of occurrence is probable and the liability can be measured reliably, whereas they are disclosed in the notes, if they cannot be measured reliably or the possibility of the occurrence is remote or does not exist.

The Bank has certain contingent liabilities relating to various lawsuits due to the transactions it performed in the scope of banking operations. As of 30 June 2015, the total amount of these lawsuits filed against the Bank is TL 30.290 (31 December 2014: TL 29.752). A total provision of TL 14.003 (31 December 2014: TL 8.103) has been made for those lawsuits as the probability of being concluded against the bank is higher than the probability of their concluding in its favour, with TL 3.857 (31 December 2014: TL 4.136) being for provisions for refunds related to case document charges.

**d. Explanations on fiduciary services rendered on behalf of third parties:**

The Bank gets as an investment agent for the trading of marketable securities and provides custodian services on behalf of its customers.
